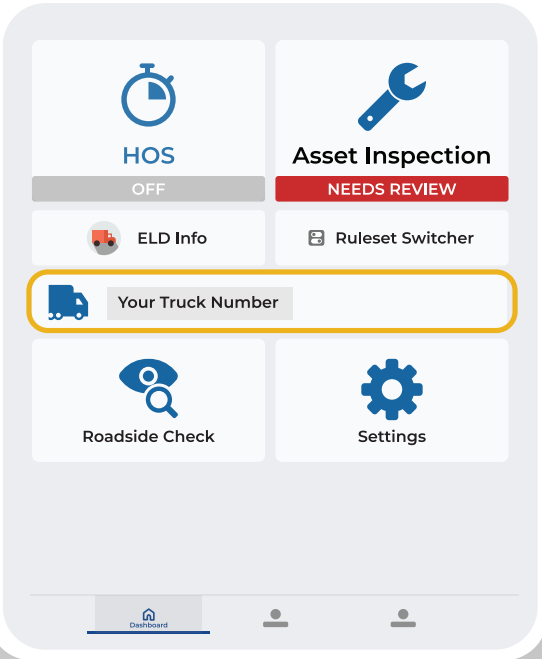
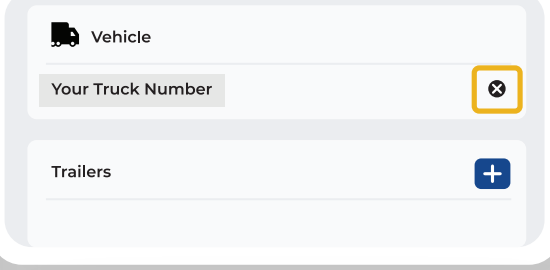
DETACH FROM TRUCK ON GEOTAB

SCAN FOR MORE INFO

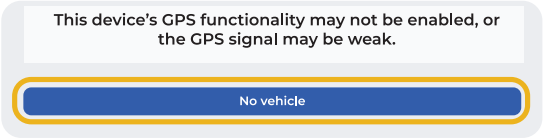
1 Start by selecting your **truck number** in the box under ELD info.



2 Then press the X to the right of your truck number.



3 The last step will be to press **No Vehicle** at the bottom of the screen.



4 You will see **no vehicle** on the dashboard screen – be sure you are detached from the truck on all devices, including your personal devices.
